Official Decision  
Case ZA-1004  
Permit – 06-0748  
Acting Zoning Administrator  
Carroll County, Maryland

APPLICANT: Manuel Rivera

REQUEST: A variance from the required minimum side setback of 20 feet to 15 feet for an attached garage

LOCATION: 2929A Birdview Rd.  
Westminster, Md.

MAP/BLOCK/PARCEL: 58/17/633

APPLICABLE REGULATIONS: Code of Public Local Laws and Ordinances, Chapters 223-75 and 181

HEARING HELD: May 3, 2006

FINDINGS AND CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum side setback of 20 feet to 15 for the construction of an attached garage are as follows:

This house is the right side of a duplex which limits the placement of a garage. The septic system is in the rear of the property. An electrical meter has been positioned at the side of the house. If the meter was not there and the entire garage could be attached to the house a variance to the setback would not be needed.

There was no one present at the hearing opposing the Applicant’s request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
Note:
