Official Decision  
Case ZA-1043  
Permit – 06-3190  
Zoning Administration  
Carroll County, Maryland

APPLICANT: Byron Horn Jr.
REQUEST: A variance from the required minimum side yard setback from 20 feet to 11 feet 2 inches for the construction of an attached garage
LOCATION: 5409 Valley View Ct.  
Mt. Airy, Md. 21771
MAP/BLOCK/PARCEL: 66/17/245
APPLICABLE REGULATIONS: Code of Public Local Laws and Ordinances, Chapters 223-66, 75 and 181
HEARING HELD: January 16, 2007

FINDINGS AND CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required side setback of 20 feet to 11 feet 2 inches for the construction of an attached garage are as follows:

This house was built around 1977 and was located in the middle of the lot. The applicant would now like to build an attached garage and there is not enough room on either side of the house to build an attached garage that would meet the applicant’s needs and meet the required setbacks. The septic system is located in the rear yard.

No neighbors were present at the hearing opposing the Applicant’s request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
