Official Decision  
Case ZA-1075  
Zoning Manager  
Carroll County, Maryland

APPLICANT: John Zawistowski

REQUEST: A variance from the required side yard setback of 20 feet to 19 feet for an attached garage

LOCATION: 2010 Gracie Dr.  
Finksburg, Md.

MAP/BLOCK/PARCEL: 59/20/681

APPLICABLE REGULATIONS: Code of Public Local Laws and Ordinances, Chapters 223-66 and 181

HEARING HELD: September 5, 2007

FINDINGS AND CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required side yard setback of 20 feet to 19 feet for an attached garage are as follows:

The applicants wish to build an attached garage on the left side of their house. Their lot is 93 feet wide in the front and 170 feet wide in the rear. Only the left front corner of the proposed garage will protrude into the setback by 1 foot. The rear of the garage will be well within the required setback. There is a row of mature pine trees along this property line.

There were no neighbors present at the hearing opposing the Applicant’s request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of this decision.
