Official Decision  
Case ZA-1165  
Zoning Administrator  
Carroll County, Maryland  

APPLICANT:  
Jay and Pamela Austin  

REQUEST:  
A variance from the required front yard setback of 40 feet to 28 feet and from the required side yard setback of 20 feet to 16 feet for a detached garage  

LOCATION:  
1515 Bollinger Rd.  
Westminster, Md.  

MAP/BLOCK/PARCEL:  
52/18/505  

APPLICABLE REGULATIONS: Code of Public Local Laws and Ordinances, Chapters 223-66 and 223-181  

HEARING HELD:  
November 4, 2009  

FINDINGS AND CONCLUSIONS  
Based on the testimony and evidence presented at the hearing the variance is granted.  

Facts which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required front yard setback from 40 feet to 28 feet and from the required side yard setback of 20 feet to 16 feet for a detached garage are as follows:  

The applicant wishes to build a detached garage. This lot is wooded and slopes very steeply in the rear yard. Before the house could be built a variance had to be obtained to the front setback because of the steep slope. Due to the location of the septic system and the steep slope there is very little useable area where a garage could be built.  

No neighbors were present at the hearing opposing the use; therefore, the granting of this use should have no adverse effect on any adjoining property owners.  

This approval is valid for one year from the date of this decision.  

Note: An appeal of a Decision made pursuant to Chapter 223-181.2 may be made to the Board of Zoning Appeals within thirty (30) days of the date of the Zoning Administrator’s decision in accordance with Chapter 223-182 and 223-188 of the Code of Public Local Laws and Ordinances.  

A decision of the Zoning Administrator made pursuant to Chapter 223-181 is final and constitutes a zoning action. Unless timely appealed, parties may not thereafter challenge the Zoning Administrator’s decision.
