Official Decision
Zoning Administrator
Carroll County, Maryland

APPLICANT:
William Lee Ward
6509 Monroe Avenue
Sykesville, MD 21784

REQUEST:
A variance reducing the minimum side yard requirement from 12 feet to about 1-1/2 feet for an attached garage

LOCATION:
6509 Monroe Avenue
Sykesville, MD 21784, E.D. 5

APPLICABLE REGULATIONS:
Article 7, Section 7.5, Article 15, Section 15.5; Zoning Ordinance 1E

HEARING HELD:
April 30, 1999

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is denied.

Facts which support the request for relief from the strict terms of the Ordinance, in this case, a reduction in the minimum side yard requirement for an attached garage, are as follows:

This dwelling is located in a subdivision that contains small parcels of land. The parcel in this application has a (75) foot width and a 167 foot depth. The property is serviced by public water and sewer, therefore a large portion of the lot is not restricted from construction due to a well and septic area.

Allowing construction to within one or two feet of the property line is not the intent of the zoning ordinance and doing so could have adverse effect on the adjoining property. The property is not so limited that there are no other alternative locations for the garage. A detached garage could be placed on the property without difficulty or hardship.

NOTE:
Appeals of decisions made pursuant to Section 15.5 may be made to the Board of Zoning Appeals within thirty (30) days of the date of the Zoning Administrator's decision in accordance with Section 17.4 of the Carroll County Zoning Ordinance 1E.

A decision of the Zoning Administrator made pursuant to Section 15.5 is final, and constitutes a zoning action. Unless timely appealed, parties may not thereafter challenge the Zoning Administrator's decision.
