

Case ZA-560

**Official Decision
Zoning Administrator
Carroll County, Maryland**

APPLICANT: Dean & Pamela Zepp
3030 Buffalo Road
New Windsor, Maryland 21776

REQUEST: A variance to reduce the minimum
rear yard setback from 50 feet to
20 feet for the construction of a
storage shed

LOCATION: 3030 Buffalo Road
New Windsor, Maryland 21776

APPLICABLE REGULATIONS: Code of Public Local Laws and
Ordinances, Chapter 223-75 and 223-
181

HEARING HELD: April 4, 2001

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required setback from 50 feet to 20 feet to construct storage shed, are as follows:

The Applicants are requesting a 30 feet variance due to the topography of the land. By denying this variance, the Applicants would have to bring in fill dirt and remove additional trees, which would cause an undue hardship. The location for the proposed shed will be in close proximity to the road, which would create better accessibility for the Applicants. Since the Applicants' property line is a trapezoid shape, there is not enough space to construct the building in the back of the Applicants' residence. The property is zoned Agricultural.

The Applicants asked for clarification of the manner in which the measurement should be taken. The measurement should be taken by laying the tape on the slope of the ground as opposed to a level measurement system.

There were no neighbors present at the hearing opposing the applicant's request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of this decision.
