minimum setback from 50 feet to 20
feet to allow the construction of
an addition to an existing building
to expand a welding shop

LOCATION: 2919 Industrial Park Drive
Finksburg, Maryland 21048

APPLICABLE REGULATIONS: Code of Public Local Laws and
Ordinances, Chapters 223-121 and
223-181
August 1, 2001

HEARING HELD:

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of
the Ordinance, in this case, a reduction of the minimum required setback
from 50 feet to 20 feet to allow the construction of an additional to an
existing building to expand a welding shop, are as follows:

The existing building is approximately 220 Ft. x 70 Ft. containing an
approximate 16,000 Sq. Ft. manufacturing facility of stainless steel,
aluminum and white steel products. The company has recently quoted a large
contract and in order to accept and complete the order it is necessary that
the welding shop be enlarged. The proposed expansion will be placed on a
level parking lot that is adjacent to the existing welding shop and is
located on the end of a firewall. The proposed building could be placed on
the north end of the building; however, the existing offices would have to
be relocated which would cause unreasonable hardship and practical
difficulty for this type of operation.

There were no adjoining property owners present at the hearing
opposing the applicant's request; therefore, the granting of this variance
should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of this Zoning
Certificate.
