

Case ZA-611

**Official Decision
Zoning Administrator
Carroll County, Maryland**

APPLICANT: Covenant Media, Inc.
6607 Jacks Court
Mt. Airy, Maryland 21771

REQUEST: A variance from the required
minimum setback from intersections
of 300 Ft. to 100 Ft. for the
construction of a double faced off-
premise sign.

LOCATION: 4724 Hanover Pike
Manchester, MD 21102

APPLICABLE REGULATIONS: Code of Public Local Laws and
Ordinances, Chapters 223-139(5) and
223-181

HEARING HELD: November 7, 2001

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required setback from intersections of 300 ft. to 100 ft. to construct a double-faced, off-premise sign, are as follows:

As a result, construction of this sign on any other location of the Applicant's property would create unreasonable and practical difficulty as a tree line and heavy power lines exist on the south side of Rt. 30. The sign is proposed for the north side but limited by the existing building and another sign already on the property that must be 300 ft. away from the proposed sign. The subject parcel, and much of the surrounding property, is owned by the Shaffer Family, LLC. Ms. Audrey Shaffer was present at the hearing and stated she is limited in the use of this property and wishes to derive some income by the placement of the advertising sign. The only roads in the County with the 300 ft. setback requirement from intersections are Rt. 140 and Rt. 30 as a safety concern to not having signs block site distance.

No neighbors were present at the hearing opposing the Applicant's request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
