

Case ZA-633

**Official Decision  
Zoning Administrator  
Carroll County, Maryland**

**APPLICANT:** Hendrik & Pamela Shoemaker  
115 Houck Road  
Westminster, Maryland 21157

**REQUEST:** A variance from the required  
minimum rear yard setback of 50 Ft.  
to 37 Ft. for an existing detached  
garage to be attached to the house  
by a two-story addition.

**LOCATION:** 115 Houck Road  
Westminster, MD 21157

**APPLICABLE REGULATIONS:** Code of Public Local Laws and  
Ordinances, Chapters 223-75 and  
223-181

**HEARING HELD:** April 2, 2002

**FINDINGS & CONCLUSIONS**

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required rear yard setback of 50 feet to 37 feet for an existing detached garage to be attached to the house by a two-story addition, are as follows:

The Applicant is proposing to construct a two-story addition in between two existing structures; one structure being the Applicant's residence and the other structure is an existing detached garage. This addition will not be any closer to the rear property line than with the overall existing structures. In order to comply with the setbacks in the zoning ordinance, the Applicant would need to remove a portion of the garage, which would create undue and practical difficulty for the Applicant. The land to the rear of the Applicant's property is very rural in nature with several trees. This home improvement would enhance the Applicant's property value by adding square footage to the residence, and would be beneficial to the neighbors by increasing the property values.

No neighbors were present at the hearing opposing the Applicant's request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
