Zoning Administrator  
Carroll County, Maryland  

APPLICANT:  
Michael J. Grammes  
6423 Hickory Lane  
Sykesville, Maryland 21784

REQUEST:  
A variance from the required minimum side yard setback of 12 Ft. to 10 Ft. for the construction of an attached garage.

LOCATION:  
6423 Hickory Lane  
Sykesville, MD 21784

APPLICABLE REGULATIONS:  
Code of Public Local Laws and Ordinances, Chapters 223-82 and 223-181  
May 7, 2002

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

The Applicant is proposing to construct an attached 24 Ft. x 24 Ft. garage to an existing dwelling. There is an easement to the garage side of the property, which creates undue hardship for the applicant. As a result, a setback from 12 Ft. to 10 Ft. is required to comply with the zoning ordinance. The property has a large amount of thick tall trees that screen the property. Originally when the house was built, no dirt was removed which created poor drainage. The Applicant will have the property properly graded in order to redirect the flow of water without impeding the flow.

No neighbors were present at the hearing opposing the Applicant’s request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
