LOCATION:

APPLICABLE REGULATIONS:

HEARING HELD:

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required setback of 25 feet to 20 feet for the construction of a deck, are as follows:

The Applicant is proposing to extend a deck 16 Ft. from the house. The proposed deck will be 16 Ft. x 21 Ft. on the rear of the property. The Applicant has a short backyard and a utility easement in the rear. The minimum setback for a rear yard is 26-1/4 Ft. instead of 25 feet. There is open space in the rear of the property that slopes downward. In order for the Applicant to comply with the ordinance, the deck could only be 11 Ft. deep, which would not be serviceable. The reduction in the size of the deck creates undue hardship and practical difficulty for the Applicant. The proposed deck will have steps on the driveway side. Since the lot is a small lot, the Applicant is restricted in the location of this deck that would be functional.

No neighbors were present at the hearing opposing the Applicant’s request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
NOTE:
