

Case ZA-709

**Official Decision
Zoning Administrator
Carroll County, Maryland**

APPLICANT: Timothy L. Miller
1411 Joleen Lane
Westminster, Maryland 21158

REQUEST: A variance from the required
minimum rear yard setback of 50 Ft.
to 35 Ft. for the construction of
an addition.

LOCATION: 1411 Joleen Lane
Westminster, MD 21158

APPLICABLE REGULATIONS: Code of Public Local Laws and
Ordinances, Chapters 223-75 and
223-181

HEARING HELD: December 3, 2002

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required rear yard setback of 50 feet to 35 feet for the construction of an addition, are as follows:

This is a .35-acre lot with a septic system, which takes up the front yard. The front yard is the only area where an addition could be constructed in order to meet the setback requirements; however, the Health Department would not approve an addition in that location. There is a privacy fence along the rear of the property, which makes this the most appropriate location for the addition.

No neighbors were present at the hearing opposing the Applicant's request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
