Hampstead, MD 21074

Re: Variance for construction of an addition to the residence  
Case ZA-768, Permit 03-1920

Dear Mr. Allenbaugh

Based on the testimony and evidence presented at the hearing on the above referenced case, the variance is granted.

Facts which support the request for relief from the strict terms of The Code of Public Local Laws and Ordinances for Carroll County, in this case Sections 223-82 and 223-181 for a reduction to the required minimum front yard setback of 150 ft. to 145 ft. and from the minimum rear yard setback of 50 ft. to 32 ft. for an addition to the home.

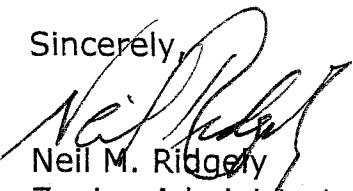

The property was inspected by the Zoning Administrator and the proposed addition was found to have a minimal, if any, effect on adjoining property owners and the overall character of the neighborhood. The site was properly posted and adjoining property owners were notified.

There were no members of the public present at the August 6 hearing to testify in opposition to the project. The Office of Zoning Administration has not received any comments in opposition to the variance by either mail or telephone.

Per Section 223-181, strict compliance with the terms of the zoning ordinance would be impractical and cause undue hardship on the petitioners.

This approval is valid for one year. Appeals to this decision must be filed within 30 days of the date of the approval.

Sincerely,

  
Neil M. Ridgely

Zoning Administrator
