

Notice of Decision

Case # ZA-785
Permit # 03-3055

Variance Request: For a reduction in the minimum front yard setback from 40 feet to 5 feet for the construction of a shed on property located at 6995 Beachmont Drive, Sykesville, MD., election district 5 by Donna Marie Despres.

Basis for Variance: Chapters 223-66 and 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.
- That owing to the shape of the lot and the owners express intent to retain mature deciduous trees on the lot which benefit the community as a whole as well as the individual property, construction of the shed elsewhere on the lot would create a practical difficulty.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental affect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes,
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

Neil M. Ridgely
Zoning Administrator
