

Notice of Decision

Case # ZA-846
Permit # 04-1122

Variance Request: For a variance from the minimum rear yard setback from 50 feet to 42 feet for an addition to the residence at 717 Glenn Drive, Westminster, MD in Election District 6 by George and Jacque Habeeb.

Basis for Variance: § 223-82 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

A field review of the Habeeb property indicated that the addition is located in the most logical area of the residence. An existing deck on the rear of the home is proposed for conversion to a sun room. It would be impractical to place the addition elsewhere on the home and there will be no negative effects to others residences in the area. The residence is approximately 1700 square feet in size and is 27 years old, making it a typical case for an enlargement by contemporary standards. There were no protestants to the variance.
