

## Notice of Decision

Case # ZA-927

Permit # 05-1776

**Variance Request:** For a variance from the minimum setback from 20 feet to 11 feet for a detached garage at 945 Rolling Ridge Drive, Westminster, MD in Election District 07 by David Prendergast.

**Basis for Variance:** § 223-66 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

**Decision:** Approved.

### Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would be a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant testified that his lot is only .58 acres and locating the garage is restricted by the location of the well and septic field. The garage is only intended for use in association with the residence and he is providing additional screen landscaping across the rear of the property. There were no protestants to this variance present at the hearing.
