Official Decision
Case ZA-993
Permit – 06-0075
Acting Zoning Administrator
Carroll County, Maryland

APPLICANT: Robert Farver

REQUEST: A variance from the required minimum side setback of 20 feet to 10 feet for a detached garage

LOCATION: 1602 Terrace Dr.
Westminster, Md.

MAP/BLOCK/PARCEL: 62/13/254

APPLICABLE REGULATIONS: Code of Public Local Laws and Ordinances, Chapters 223-66 and 181

HEARING HELD: May 3, 2006

FINDINGS AND CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum side setback of 20 feet to 10 for the construction of a detached garage are as follows:

The applicant wishes to build a detached garage to the side of his house which is where the driveway is located. The lot slopes down toward the rear where the septic system is located which restricts the location of a garage. The proposed location would be the most practical.

There was no one present at the hearing opposing the Applicant’s request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
Note:
