Office of  
Zoning Administration

**Official Decision  
Case ZA-1068  
Zoning Manager  
Carroll County, Maryland**

**APPLICANT:** Michael Conner

**REQUEST:** A variance from the required side yard setback of 20 feet to 10 feet for an attached garage

**LOCATION:** 946 Leisters Church Rd.  
Westminster, Md. 21157

**MAP/BLOCK/PARCEL:** 39/12/291

**APPLICABLE REGULATIONS:** Code of Public Local Laws and Ordinances, Chapter 223-66 and 223-181

**HEARING HELD:** July 11, 2007

**FINDINGS AND CONCLUSIONS**

Based on the testimony and evidence presented at the hearing, the side yard variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required side yard setback of 20 feet to 10 feet for the construction of an attached garage, are as follows:

The applicant is in a wheel chair and requires an attached garage that will accommodate a van. The house is built toward the front of the lot and the shape of the lot narrows as it reaches the road, which means that almost any addition would require a variance. The applicant approached the adjacent property owner on that side of the house to see if they could purchase the additional land needed so they would not have to request a variance but that property owner did not wish to sell any land. There is an open field on that side. The well and septic are both located at the rear of the house which further restricts the location of an addition.

No neighbors were present at the hearing opposing the Applicant's request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of this decision.
