

**Official Decision  
Case ZA-1110  
Zoning Administrator  
Carroll County, Maryland**

**APPLICANT:** Charles Yowell

**REQUEST:** A variance from the required minimum side yard setback of 30 feet to 15 feet for a storage building

**LOCATION:** 639 Hoods Mill Rd.  
Woodbine, Md.

**MAP/BLOCK/PARCEL:** 77/17/489

**APPLICABLE REGULATIONS:** Code of Public Local Laws and Ordinances, Chapters 223-129, 223-121 and 223-181

**HEARING HELD:** September 3, 2008

**FINDINGS AND CONCLUSIONS**

Based on the testimony and evidence presented at the hearing the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a variance from the required minimum side yard setback of 30 feet to 15 feet are as follows:

This is a very long and narrow lot, is fairly heavily wooded and is zoned both Agricultural and General Industrial. The rear portion of the lot is zoned General Industrial and this is where the building must be located. The driveway comes up through the middle and if the building was placed 30 feet from the property line it would be out in the driveway, preventing the trucks from getting in and turning around. Mr. Yowell stated that he had spoken with his neighbor, Mr. Leatherwood, whose property would be most affected by this variance, and Mr. Leatherwood did not have a problem with the proposed location of the building.

No neighbors were present at the hearing opposing the variance; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of this decision.
