Official Decision
Case ZA-1269
Zoning Administration
Carroll County, Maryland

APPLICANT: Derrick J. Garland

REQUEST: Cottage Industry with a Maximum of 5 Employees

LOCATION: 4050 Doss Garland Drive
Hampstead, MD 21074

MAP/BLOCK/PARCEL: 41/20/730

APPLICABLE REGULATIONS: Chapters 223-64(M) and 223-181

HEARING HELD: March 2, 2011

FINDINGS AND CONCLUSIONS

Based on the testimony and evidence presented at the hearing the accessory use is **granted**.

Facts which support the request for relief from the strict terms of the Ordinance, in this case, an accessory use for a cottage industry with a variance from 2 to 5 non-resident employees are as follows:

Mr. Garland currently has a small HVAC business with 2 employees located in a garage on his property. Mr. Garland's property is located approximately 1 mile off of a County road; back a private lane that leads to his property. All of the surrounding properties are relatives of Mr. Garland who have no objection to Mr. Garland's business. Mr. Garland proposes using his garage to assemble duct work for his business and then transporting the duct work to a jobsite. Mr. Garland currently employees himself and a helper. In the past he has had as many as 5 employees who spend the majority of their time on jobsites away from the garage. His employees take their vehicles home with them, and there would be no parking of company or employee vehicles at the property, except when they are working in the garage to assemble duct work. The size of Mr. Garland's garage is approximately 30'X40' which is well under the maximum of 2000 square feet allowed.

No neighbors were present at the hearing opposing the accessory use; therefore, the granting of this accessory use should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of this decision.
