

Case ZA-495

**Official Decision  
Zoning Administrator  
Carroll County, Maryland**

**APPLICANT:** Dennis & Mary Miner  
6526 Shenandoah Drive  
Sykesville, MD 21784

**REQUEST:** A variance reducing the minimum required  
front yard setback from 60 feet to 32  
feet for a detached garage

**LOCATION:** 6526 Shenandoah Drive, Sykesville, MD,  
E.D. 14

**APPLICABLE REGULATIONS:** Article 5C, Section 5C.5; Article 15,  
Section 15.5; Zoning Ordinance 1E

**HEARING HELD:** March 1, 2000

**FINDINGS & CONCLUSIONS**

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts which support the request for relief from the strict terms of the Ordinance, in this case, a reduction reducing the minimum required front yard setback from 60 feet to 32 feet for a detached garage, are as follows:

Current "R40,000" district zoning requires a 40' front yard setback. At the time the original house was built a front yard requirement was a 60' setback. This being a corner lot, the property has what is considered two front yards and therefore, has the 60' setback rule.

The applicant proposed to add a detached garage onto the front yard side of his property known as Shenandoah Drive. Due to the layout of the property, this is the most appropriate place to situate the garage. Septic area and a screened porch addition leave no other area for this placement. The applicant also emphasized that there is a row of pine trees that will buffer the garage on this side of his property. The granting of this variance will have no adverse effect on any adjoining property owners.

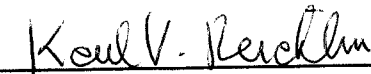

**NOTE:**

Appeals of decisions made pursuant to Section 15.5 may be made to the Board of Zoning Appeals within thirty (30) days of the date of the Zoning Administrators decision in accordance with Section 17.4 of the Carroll County Zoning Ordinance 1E.
