

Case ZA-539

**Official Decision
Zoning Administrator
Carroll County, Maryland**

APPLICANT: Brian Corcoran
5021 Michael's Meadow Drive
Hampstead, Maryland 21074

REQUEST: A variance to reduce the minimum
required setback of 200 feet to 77
feet to construct an equipment
storage building with a three-stall
barn

LOCATION: 5021 Michael's Meadow Drive
Hampstead, Maryland 21074

APPLICABLE REGULATIONS: Article 15, Section 15.5, Article
4, Section 4.12; Zoning Ordinance
1E

HEARING HELD: January 3, 2001

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is denied.

The Applicant is requesting a reduction of the minimum required setback of 200 feet to 77 feet to construct an equipment storage building with a three-stall barn. The proposed building would be a 68 Ft. x 42 Ft. standard Morton style pole building for vehicle storage, equipment and for housing horses. The Applicant's property totals 11.8 acres, which is in an Agricultural zoned district. The zoning ordinance requires a 200 foot setback for a building to house livestock.

Due to the fact that the Applicant has more than adequate acreage to locate the proposed building on another area of the property without obtaining a required variance, there is no hardship being incurred by the Applicant.
