

Case ZA-666

**Official Decision
Zoning Administrator
Carroll County, Maryland**

APPLICANT: Mary Forton
2208 Pheasant Run Drive
Finksburg, Maryland 21048

REQUEST: A variance from the required
minimum setback of 50 Ft. to 29 Ft.
for the construction of an addition
to the existing dwelling.

LOCATION: 2208 Pheasant Run Drive
Finksburg, MD 21048

APPLICABLE REGULATIONS: Code of Public Local Laws and
Ordinances, Chapters 223-82 and
223-181

HEARING HELD: July 2, 2002

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required setback of 50 feet to 29 feet for the construction of an addition to the existing dwelling, are as follows:

The Applicant is proposing to expand the living space in the rear of the house due to a medical condition. The proposed addition will include a handicapped accessible ramp and bathroom. The kitchen will be extended into the handicapped entrance from the driveway. For the Applicant to build on the other end of the house is not feasible, since it is below grade and the addition would not be large enough to accommodate the Applicant's needs. This location is the most practical location to be functional without creating undue hardship or practical difficulty for the Applicant.

No neighbors were present at the hearing opposing the Applicant's request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
