

Case ZA-694

**Official Decision
Zoning Administrator
Carroll County, Maryland**

APPLICANT: Lois E. Pulket
2508 Arabian Court
Finksburg, Maryland 21048-1605

REQUEST: A variance from the required rear
minimum setback of 50 Ft. to 32 Ft.
for the construction of a garage.

LOCATION: 2508 Arabian Court
Finksburg, MD 21048

APPLICABLE REGULATIONS: Code of Public Local Laws and
Ordinances, Chapters 223-82 and
223-181

HEARING HELD: October 1, 2002

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts, which support the request for relief from the strict terms of the Ordinance, in this case, a reduction of the minimum required rear setback of 50 feet to 32 feet for the construction of a garage, are as follows:

The Applicant is proposing to construct a garage and breezeway within the property lines, but closer than what the Zoning Ordinance allows. There are tall pines trees bordering the property for privacy. The Applicant's house does not sit square on the property. As a result, there is only 57 Ft. from the rear property line and any type of construction would require a variance. Since the driveway exists on the property, this is the most practical location for the Applicant to construct a garage and breezeway without creating practical difficulty or undue hardship for the Applicant.

No neighbors were present at the hearing opposing the Applicant's request; therefore, the granting of this variance should have no adverse effect on any adjoining property owners.

This approval is valid for one year from the date of a Zoning Certificate.
