

Case ZA-733

**Official Decision
Zoning Administrator
Carroll County, Maryland**

APPLICANT: John E. Smith, Sr.
7539 Middleburg Road
Detour, Maryland 21757

REQUEST: A variance from the required
minimum side yard setback of 10 Ft.
to 5 Ft. to enclose an existing
carport.

LOCATION: 7539 Middleburg Road
Detour, MD 21757

APPLICABLE REGULATIONS: Code of Public Local Laws and
Ordinances, Sections 223-113 and
223-181

HEARING HELD: March 4, 2003

FINDINGS & CONCLUSIONS

Based on the testimony and evidence presented at the hearing, the variance is granted.

Facts which support the request for relief from the strict terms of Section 223-113 of the Carroll County Code, in this case, a reduction in the minimum side-yard setback standard from 10 feet to 5 feet in the BG, Business General District for enclosing a carport.

A visit to the site was made by the Zoning Administrator and photographs were taken of the carport, indicating its proximity to adjoining properties on February 25, 2003. The property was duly posted, but the sign had become obliterated due to an accumulation of snow. All adjoining property owners were notified of the request for a variance. The site was reposted within 5 days of the site visit. It was noted that a large commercial size carport was in place and that the petitioner was obviously engaged in the repair of autos, trucks and farm machinery.

At the hearing, Mr. Smith explained that he had operated a repair business from this location for many years and that an un-enclosed carport was cause of an unnecessary hardship for him in periods of inclement weather. Mr. Tracy Turner of 7541 Middleburg Road, Detour, MD, the adjoining property owner nearest the carport structure, testified that he had no objection to the variance. No other members of the public attended the hearing in objection to the variance. No communications were received from the public regarding the variance.

This approval is valid for one year from the date of a Zoning Certificate.
