Notice of Decision

Case # ZA-790
Permit # 03-2993

Variance Request: For a reduction in the minimum rear yard setback from 50 feet to 40 feet for an addition to the dwelling located at 3401 Pine Circle, Westminster, MD, election district 4, by Glenn E. O'Baker

Basis for Variance: Chapters 223-66 and 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved

Basis for Decision:

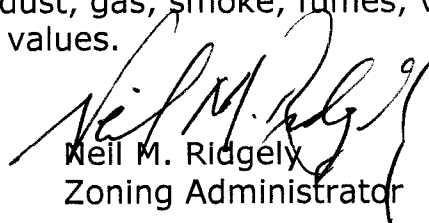

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.
- That due to the unusual shape of the lot, construction of the addition elsewhere on the home would create a practical difficulty.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental affect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

Neil M. Ridgely
Zoning Administrator
