## Notice of Decision

Case # ZA-832  
Permit # 04-0472

**Variance Request:** For a variance from the minimum front yard setback from 40 feet to 25 feet for an attached garage and addition to the residence the residence located at 2100 Warren Way Drive in Westminster, MD by Lawrence and Amy Walsh.

**Basis for Variance:** § 223-150 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

**Decision:** Approved.

**Basis for Decision:**

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant was persuasive in his testimony and in evidence that a practical hardship would exist if the garage / addition were placed elsewhere on the property. Due to the location of the well & septic system and the topography of the lot the addition would be impractical elsewhere. There were no protestants to the variance.
