Notice of Decision

Case # ZA-860
Permit # 04-2522

Variance Request: For a variance from the minimum side yard setback from 50 feet to 47 feet for an addition to the residence at 3243 Niner Road, Finksburg, MD in Election District 04 by Dwight D. Jones.

Basis for Variance: § 223-37 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicants were persuasive in their testimony that a practical hardship would exist if the addition had to be located elsewhere in the residence. A field review of the site verified that it would pose a practical hardship to locate the addition to the opposite side of the house because the existing driveway already serves that side of the residence where the addition is proposed so disturbance will be minimal if the addition is constructed there. There were no protestants to the variance.
