

Notice of Decision

Case # ZA-863
Permit # 04-2496

Variance Request: For a variance from the minimum rear yard setback from 26.25 feet to 22 feet for a deck on the residence at 1112 Singer Drive, Westminster, MD in Election District 07 by Allen Anthony.

Basis for Variance: § 223-166, 223-179 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant was persuasive in his testimony that a practical hardship would exist if the replacement deck were not permitted in the proposed location. A field review of the site verified that the increased size of the deck is not imposing on adjoining residences and that it is not out of character with other decks in the neighborhood. There were no protestants to the variance.
