Notice of Decision

Case # ZA-870
Permit # 04-3177

Variance Request: For a variance from the minimum rear yard setback from 50 feet to 39 feet and to the required side yard setback from 20 to 15 feet to the left and from 20 to 18 feet on the right for an attached garage at 3801 Roop Road in New Windsor, MD, in Election District 09 by Tami and Tom Krcma.

Basis for Variance: § 223-75 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant was persuasive in his testimony that a practical hardship would exist if the addition of a garage to the home were not permitted. Location of the well, septic field and the extreme topography of the lot make the proposed location the most practical for this site. A field review of the site verified that it would pose a practical hardship to locate the addition elsewhere on the property. There were no Protestants to the variance.

Zoning Administrator
