

Notice of Decision

Case # ZA-886
Permit # 04-4163

Variance Request: For a variance from the minimum yard setback from 50 feet to 30 feet for an addition to the residence at 6211 North Walnut Avenue, Eldersburg, MD in Election District 5 by James A. Brown.

Basis for Variance: § 223-82 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

Thus property is on a ¼ acre site, as are many in the surrounding community. The residence is approximately 1100 square feet so a practical hardship is found to exist for this reasonable addition. The addition will also accommodate moving the heating fuel oil tank inside. Given the size and dimensions of the lot, an addition cannot be located elsewhere on the home. There were no Protestants to the variance.

Neil M. Ridgely
Zoning Administrator
