Notice of Decision

Case # ZA-900
Permit # 05-0865

Variance Request: For a variance from the minimum setback from 50 feet to 40 feet for a room addition to the residence at 1418 Joleen Lane, Westminster, MD in Election District 07 by Douglas and Sherrill Lane.

Basis for Variance: § 223-75 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would be a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

This addition is intended to expand the bedrooms at the rear of the house for the children. The entire lot is only 15,000 square feet and there is a well to the front of the house and a septic area to the rear corner. The children are now sharing bedrooms and will have to continue to do so if the variance is not granted. The request is reasonable given the constraints of the property and the fact that the house is only 1,500 square feet in size. There were no Protestants to the variance.
