

## Notice of Decision

Case # ZA-924  
Permit # 05-1384

**Variance Request:** For a variance from the minimum setback from 60 feet to 33 feet for a garage at 2319 Harvey Gummel Road, Hampstead, MD in Election District 06 by Steve Weiner.

**Basis for Variance:** § 223-75 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

**Decision:** Approved.

### Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant testified the addition to the existing garage has already been constructed. He has a large boat & trailer which he keeps tarps over but he would prefer to store the boat out of sight in the elongated garage. The addition to the garage necessitated that it encroach on the setback area. There were no protestants to this variance present at the hearing.
