## Notice of Decision

Case # ZA-942  
Permit # 05-2430

**Variance Request:** For a variance from the required minimum setback of 50 feet to 30 feet for an addition to the residence at 2676 Glenwood Drive, Finksburg, MD in Election District 04 by Frances Kandell.

**Basis for Variance:** § 223-66 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

**Decision:** Approved.

**Basis for Decision:**

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant was accompanied by their contractor, Mr. Michael Wright. Mr. Wright explained that space for the addition is very limited due to a Forest Conservation easement on much of the lot. There were no letters of protest nor was anyone in attendance at the hearing to protest the variance. This approval is given with caution to the owner that existing trees within the Forest Conservation easement area should be protected during the construction of the sunroom so that they are not damaged and then later become a liability to the residence.

Zoning Administrator
