Notice of Decision

Case # ZA-960
Permit # 05-3032

Variance Request: For a variance from the required minimum setback of 12 feet to 10 feet 6 inches for a garage / bedroom addition to the home at 1316 Holt Court, Eldersburg, MD in Election District 05 by Kenneth Sollers

Basis for Variance: § 223-89 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would be a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

Mr. Sollers testified that he needed to expand the size of his home for a growing family. The topography of the lot limits the locations available for the addition as does the size (10,000 square ft.) of the lot. This type addition is frequently found in the Eldersburg Estates subdivision and the Sollers would be forced to sell the home and buy a larger one elsewhere if the variance were not granted.

Neil M. Ridgely
Zoning Administrator
