## Notice of Decision

Case # ZA-966  
Permit # 05-3516

**Variance Request:** For a variance from the required minimum setback of 45 feet to 38 feet for an attached garage at 1113 Cedarbrook Road, Hampstead, MD in Election District 08 by Victor Rodgers.

**Basis for Variance:** § 223-82 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

**Decision:** Approved.

### Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant explained that his house is quite small and that he needs additional room for a garage and workshop. The topography of the lot and existing driveway make the location of the garage most practical in its proposed location on the side of the home. There were no protestants at the hearing to oppose granting the variance. There are similar attached and detached garages throughout the Cedarbrook community.

Zoning Administrator
