Notice of Decision

Case # ZA-972
Permit # 05-3755

Variance Request: For a variance from the required minimum setback of 20 feet to 13 feet for an addition to the residence at 2606 Braddock Road, Mt Airy, MD in Election District 09, by Joey M. Pare.

Basis for Variance: § 223-66 and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicant explained that his residence is very small with bedrooms only 10' by 10' in size; closet space is very limited. A second child is expected so they want to make a master bedroom area and expand the children's rooms. The well location in the front of the home and the location of the septic system in the rear make it unreasonable to place the addition elsewhere. There were no protestants to the variance present at the hearing, nor were there any protestant communications in the file.

Neil M. Ridgely
Zoning Administrator
