Notice of Decision

Case # ZA-980
Permit # 05-3939

Variance Request: For a variance from the required minimum setback of 100 feet to 90 feet for a freestanding sign at 6004 Woodbine Road, Woodbine, MD in Election District 14 by Ronald L. Friedrich.

Basis for Variance: § 223-138 F and § 223-181 of the Carroll County Code of Public Local Laws and Ordinances.

Decision: Approved.

Basis for Decision:

It is the opinion of the Zoning Administrator that approval of the variance request will not:

- Adversely affect the public health, safety, security, morals, or general welfare.
- Result in dangerous traffic conditions or jeopardize the lives or property of people living in the neighborhood.

In making this determination, the Zoning Administrator cannot answer in the affirmative to the criteria provided in Section 223-191 of the Carroll County Code that:

- There would be a detrimental effect on the people working or residing in the area
- There would be a negative impact on the orderly growth of the community
- There would be a detrimental effect on the peaceful enjoyment of people in their homes.
- That the use would have a negative effect on the conservation of property values.
- That there would be any effect from odors, dust, gas, smoke, fumes, vibrations, glare, and noise upon surrounding property values.

The applicants own and operate a residential cleaning business at the Woodbine Road address. They purchased the property in 2005 and there was an existing sign there at that time which has since been removed. As with any business location, signage is necessary for public identification and advertisement. To locate the new sign using the required setback would be to place it squarely in the middle of the driveway. The proposed location for a new sign will not pose a vehicle sight-distance problem and is really the most logical location available.
